CELEBRATING MANDELA MONTH AT WOZA MOYA

In celebration of our global icon, Woza Moya in partnership with **ARMSCOR** donated over 100 school uniforms to young children that attend our afterschool programme. This donation uplifts the lives of the children in the community who no longer have to worry about going to school without a full uniform. Mrs Nzimbovu (Lusiba Primary School governing body member) said the community is grateful for this much needed donation. "It came at the right time as most of us are struggling to buy uniforms due to the impact of Covid 19, riots, looting and floods that took place in our province". The children were very happy and look forward to wearing their new uniforms.

**EDUCATION IS THE MOST POWERFUL WEAPON
YOU CAN USE TO CHANGE THE WORLD**

STUDENT SUPPORT TEAM HOST CAREER GUIDANCE WORKSHOP

Woza Moya student support team organised a career guidance workshop for 35 grade 10-12 and post matric students from Ufafa Valley. The workshop covered how to choose a career, courses and higher learning institutions, entrance procedures, eligibility criteria, processing university applications, financial aid application and bursary application.

HOLISTIC APPROACH TO AFTERSCHOOL PROGRAM

On the 18th of July all the Afterschool Programme Facilitators and Woza Moya Programme Managers attended an online event called the “Community of Practice”. This event was also attended by several NGO’s across all nine provinces, to discuss how organisations can support each other to strengthen their afterschool programme. During the course of this event we discussed and explored what a holistic approach in the sector looks like. This was a space for learning and to reflect how we can make partnerships in the sector. Special thanks to Zoe Mann from **The Learning Trust** for organising this event which has equipped our staff with much needed skills and knowledge to continue supporting young people in our community.

PREVENTING VANDALISM AND IMPROVING DISCIPLINE

To keep Woza Moya in a good condition, children took part in a workshop about vandalism. This helps us to deal with the issues we all face and allows us to discuss how to prevent vandalism. We kept the information simple and we were prepared to answer questions directly and honestly. The children’s response to the workshop was positive and they elected a committee that will be able to watch and takes basic responsibilities if someone breaks the rules.

ALSO IN JULY

- Children Living with AIDS attended quarterly wellness day at Woza Moya.
- Dumsile attended the War-Room at Nonkwenkwane hall.
- Baby weighing on site to monitor children growth for children between the ages of 0-5 years.
