HUMAN RIGHTS MONTH

March is Human Rights month and this year, to celebrate, we hosted a talent show for the Ufafa Valley youth at the Mahlathini Hall. The event was very well attended and enjoyed by all. Congratulations to 15 year old Siphos Chilizwa from the Good Guys Club who took home the award for best performer for his beautiful poem.

TRAINING ON STROKE, DIABETES AND HYPERTENSION

Our Belgian volunteer, Noemie Reuter conducted training for Stroke, Diabetes and Hypertension with our Community Care Givers. Helping them identify symptoms, and the appropriate treatment. This information helped grow the knowledge base and improve their skills in the work place. Noemie or 'Nawomi' as she is affectionately known by our team has added great value to the team tackling any task she is given with enthusiasm and commitment. We are extremely grateful to have her as part of the Woza Moya team. Click [here](#) to learn more about our volunteer program.

BIRTH REGISTRATION

We have seen a rise in unregistered births in the Ufafa Valley in the past year. This is a major issue facing the community and not registering a child denies them access to many of their rights. Woza Moya held training for local school teachers, ECD practitioners, afterschool facilitators, paralegal advisors and community care givers. Yasmin Rajah, Director of **Refugee Social Services** conducted the workshop, explaining the importance of birth registration, the legal processes involved, and other very valuable information on the topic. We hope this training will help the vulnerable children of our community and improve their quality of life in the years to come.

INTERSEXION IN SCHOOL

A new program has been implemented this month at Sinevuso Secondary School. Intersexion is a unique episodic drama series with twenty-six independent but interrelated episodes that follow the infection of HIV through a range of different characters and their personal stories. This program is targeted at grade 8 learners, aiming to increase openness, honest relationships, and to use this as a strategy to reduce the spread of HIV/ Aids and teenage pregnancy in schools. The learners are exposed in many social issues when arriving in high school, this will help them make good decisions through their journey.

ALSO, IN MARCH

- **Book Dash** donated 812 African story books to be distributed to our beneficiaries for use at homes. These stunning isizulu books will stimulate reading amongst our children.
- Donor Site visits by the Department of Health and the Department of Employment and Labour.
- Communal food garden Forum at Woza Moya.
